

# FAQ'S

## 1. What's the workload like?

Between the face-to-face sessions and online work, it should feel like another one of your units within your degree or program. This is a experiential and creative program that will enable you to work with likeminded peers from around the state. There is a fair amount of group work though, so be prepared to be available and ready to collaborate.

## 2. Is there an online component?

SSE uses a platform called Openlearning, created by a UNSW Sydney graduate. It should be fairly similar to the portal you're already using at Uni or TAFE NSW but it is geared towards a more collaborative/feedback blackboard style.

## 3. When can I access Openlearning?

Once your application is successful, you will receive an invitation to create an account with a username and password, to join the course on Openlearning. If you already have an Openlearning account, it will automatically be added to your courses.

## 4. Is there a Unit Outline?

Yes - you can access the Unit outline in Openlearning.

## 5. When is the intensive?

The four day face-to-face sessions are held at the SSE Campus in Ultimo, Sydney. Please make sure you are available from 09:00-17:30, each day for these four days.
